OUTSIDE OF THE TRIO

Kentucky Democrats May Look For Their Candidate.

DEADLOCK SEEMS CERTAIN.

No Material Change in the gubernatorial situation up to a late hour. Hardin Managers Execute a Clever Coup.

Louisville, June 26.—There is no sign of an agreement between any two of the Democratic candidates for governor. Candidates and their managers have been on the go all day, out on conference, but so far to no purpose. The 1,093 delegates are divided so near evenly there is not a difference of 30 votes in the strength of the three candidates, Stone, Goebel and Hardin. But of these Goebel is the strongest because of the solidity of his support.

There has been a break in the Stone-Goebel combination since balloting began, caused primarily by the action of Goebel's managers in voting the 70 votes of Louisville solidly for the Kentucky county leader on the first ballot. The Stone people say their understanding that the vote was to be divided equally between Stone and Goebel. Chagrined as the Stone people are, it is not believed they can, in a spirit of revenge, bring about the nomination of Hardin. On the other hand the Hardin people cannot throw their strength solidly to Stone, for they are divided in the matter of a second choice, and as was the case Saturday many would go to Goebel in case of a break.

A noteworthy feature of the contest is the Hardin campaign. Coming into the convention with a hundred votes short of a majority of the delegates, beaten at every point in the temporary organization and weakened by adverse decisions by the credentials committee involving scores of seats, the Hardin managers with consummate cleverness jumped into the fight when the game seemed lost, withdrew the name of General Hardin and left Goebel and Stone to fight it out. These two fell into the trap and flew at each other's throats with the result that when the convention adjourned Goebel and Stone had split and Hardin on the last ballot stood second in recorded votes.

Meanwhile the three-cornered fight grows warmer, and the delegates who have spent nearly a week trying to nominate a state ticket may yet have to look outside the trio now occupying the ring to find a leader upon whom they can unite.

Work of Fish Commission.

Washington, June 26.—The work of the fish commission is practically completed for this year. The reports will show that it has been the most successful year in the history of the commission. The great bulk of the work has been in the collection and distribution of the eggs and fry of commercial food fish, and this year more cod, white fish, pike, perch, bass, flat fish and lobster have been planted than ever before. The catch of shad reached 13,000,000, an increase of 150 per cent in 14 years.

Denies the Charges.

Anniston, Ala., June 26.—Judge J. H. King of this city was receiver of public moneys at Perry, O. T., under the last Democratic administration, and is probably the J. H. King referred to in the dispatch from Guthrie as being charged with bribery in the administration of his office. He denies as willful and malicious lies any charges connecting him with bribery or official corruption.

To Meet Dreyfus.

Brest, France, June 26.—The French first-class cruiser Tage put to sea, the official explanation being that she has gone to experiment with carrier pigeons. She is, however, a much larger cruiser than the Sfax, which is bringing Captain Dreyfus. The pigeons can be used to announce the transfer, and the Tage might proceed to another port to land the prisoner.

Quite a Mixture.

New York, June 26.—The United States transport Buford arrived from Havana with 32 cabinet passengers, 29 Cubans, seven destitute Americans and 98 discharged soldiers and government employees. Twenty-four of the Cubans, 10 adults and five children, are under charge of James H. Shunk, who represents the Cuban exhibit at the Omaha exposition.

Kentucky Republicans.

Frankfort, Ky., June 26.—Attorney General Taylor, candidate for the Republican nomination for governor, received big gains, Republican conventions giving him 73 instructed votes, or within 160 votes of enough to insure his nomination on July 12.

LOST IS FOUND.

Varied Experiences of a Theatrical Agent Who Disappeared a Year Ago.

St. Louis, June 26.—Frank Connolly, who was acting as treasurer of the Thomas W. Keene Dramatic company in the spring of 1898, when he mysteriously disappeared from Chicago, has turned up in St. Louis, after a varied experience. According to Connolly's story, he had supper that evening with a woman friend from Pittsburg. After that until two weeks later, when he came to in a freight car near Mattoon, Ill., everything was a blank to him. He was minus \$400 in money and several hundred dollars' worth of jewelry. He was taken to a hospital, where he recovered from a severe illness, which was the result of being drugged. Connolly went to Cuba and acted as correspondent for a number of American papers during the war.

Only One Outbreak.

Cleveland, June 26.—Only one outbreak of violence attended the resumption of traffic on all the lines of the Big Consolidated street railway. A party of 25 men assembled on the outskirts of the city, and whenever a car came along with a nonunion crew, the passengers were asked to disembark and wait for a car manned by a union crew. In most cases the passengers did as requested. A nonunion conductor undertook to argue with the crowd and he was promptly struck over the head with a club and he and the motorman driven away. The mob refused to permit the car to move until a union crew came along and pushed it to the barns.

FOURTH OF JULY

Will Be Appropriately Celebrated by People of San Juan.

Washington, June 26.—The citizens of San Juan, the capital of Porto Rico, propose to display their patriotism and fidelity to the government of the United States by celebrating the Fourth of July in good American style. A committee of 25 of the leading citizens of San Juan have prepared an elaborate program for the occasion. There will be addresses by prominent citizens on the significance of the day and at night there will be a great display of fireworks.

Sad Double Tragedy.

Adamston, W. Va., June 26.—Jay McClung, 12, leaped a trap on the railway track near here. The tramp threw a stone at him, which fractured the boy's skull. Policeman Waldo chased the tramp, firing at him till he plunged into a creek and tried to swim across. Vallie Boughton, a lad, driving his cows on the other side, fired at the tramp and killed him. It now turns out that the tramp was E. A. Young, the somewhat weakminded, but inoffensive son of a respectable family of Buckhannon, W. Va., who was given at times to wandering about the country.

Trial of Alleged Counterfeiters.

Philadelphia, June 26.—The trials of the ex-United States district attorney, Ellery P. Ingham and Harvey K. Newitt, his law partner and former assistant, who are under indictment on the charge of aiding and abetting in connection with the famous Jacobs-Kendig-Taylor revenue cigar stamp counterfeiting conspiracy, which were to take place Monday, have been postponed until October 9. The trial of the six other defendants also go over. The illness of Mr. Ingham is the cause.

ANOTHER CUBAN HOWL

General Brooke's Political Appointments Do Not Suit.

MILITARY BEING IGNORED.

Members of the Assembly Say That This Course of the Americans Will Eventually Lead to Trouble of a Serious Nature.

Havana, June 26.—At a meeting of the Union club, an important organization including some of the best people of Havana, political matters were discussed. Among those present were several appointees of Governor General Brooke, but they took no part in the discussion. One speaker, a Cuban officer, said General Brooke was following a wrong course in giving politicians government positions, while military members were getting nothing.

"This method," he declared, "will eventually lead to trouble. Those who defended the country deserve recognition and will tire of being constantly ignored."

Another speaker said: "Only those having influence with Secretary Alger, through Washington connections, are able to secure appointments, and there are some of those who were not in Cuba during the war."

The society of Veterans of Independence, organized by the leaders of the former military assembly, continues growing and enlisting all who are willing to work unitedly. It is composed of three classes—members of the army, civilians who acted as agents in the Cuban cities during the war and those who were deported by the Spaniards. Headquarters will be established in the capitals of the various provinces.

Was She Murdered?

Wichita, Kan., June 26.—When the body of Miss Belle Slavin was found early Thursday morning in the office of the National Bank of Commerce, death having resulted from a bullet wound in the head, it was supposed that she had committed suicide. Later developments seem to indicate that the young woman was murdered. Miss Slavin was the bank's stenographer, and was frequently employed at the bank until a late hour. It is thought she was shot by a robber, as her keys were found to be missing and papers scattered around the floor.

An Insect Fertilizer.

Washington, June 26.—The agricultural department has issued a bulletin treating of the probable success of the efforts of the department to establish the Smyrna fig industry in California. It appears that the fruiting of the Smyrna fig is dependent upon the introduction from South Europe and the establishment in California of a little insect which fertilized the fig.

Alger to Stay.

Detroit, June 26.—"The avowed candidacy of General Alger for the United States senate will have no effect on his cabinet position," said one of his most prominent friends. "Nor will it lead to any unpleasantness. The president knows that General Alger was his friend and supporter in Michigan, and there is no reason why his candidacy should affect him."

CHASE CASE

Attorneys Present Reasons For and Against the Return of Duhme.

Detroit, June 26.—The testimony in the Chase-Duhme extradition hearing before Governor Pingree was concluded. Alfred Russell, counsel for F. S. Chase, father of Moses Fowler Chase, began the argument in behalf of the application for a requisition for a requisition upon Governor Roosevelt for the return from New York of the Duhmes and of Charles Peterman, Moses' alleged abductors. Mr. Russell asserted that it was perfectly apparent that there was a deep-laid plot by which five persons by concurrence met here and abducted the boy, who in reality was incapable of forming an intention for himself. John D. Coneley opened for the Duhmes. He asserted that Moses was his own master and that his father had no right on his coming of age to assume charge of him and hurry him to Indiana, so that, as suspected, the father could be appointed his majority guardian. The act of the Duhmes, he contended, was but a rescue, sought by Moses himself.

A Riot Over Religion.

Vancouver, B. C., June 26.—Three rival factions of Indian community at Port Essington had a bloody fight. The steamer Princess Louise brought the news here and many of the Indians who took part in the fight came with her. It appeared that a few weeks ago the Indians encamped at Essington went on a strike in the salmon fishing business. A corps of Salvation Army arrived shortly afterwards and commenced to hold revival services. These were very popular for some time, and the Methodist and Church of England missionaries then decided they could imitate the example of the Salvationists, so that soon they had the camp about equally divided between them. This condition of affairs resulted in a serious riot.

The negro was placed in jail for stealing a ride from Jacksonville on a Florida Central and Peninsular train. He would not give his name. A few hours previous to the burning several prisoners escaped from the jail and it is believed the men returned and set fire to the structure.

May Prove Fatal.

Fresno, Cal., June 26.—Gregory Quigley and Morris Seeborg, two prominent young men of this county, participated in a ring contest three miles south of this city which is likely to result in a tragedy. In the thirty-first round Seeborg slipped and fell to the floor. As he was falling Quigley landed on his head. Seeborg was removed to his home and since that time has remained unconscious. The attending physicians say that he cannot recover.

AMERICA CUP IS SAFE.

Trial Trip of the Columbia a Great Success.

MET IN A FRIENDLY BRUSH.

Old Racer Defender Vanquished With the Greatest Ease, the New Yacht Showing a Wonderful Burst of Speed.

Newport, R. I., June 26.—The first trial trip of the new American cup defender Columbia, which took place in Narragansett bay was more successful than either her builders or her owners had reason to hope.

Not only did the new boat show herself to be able in every particular, but she met the old racer Defender in a friendly brush of a mile to windward and vanquished her with the greatest ease. The race between the flyers, which was over in five minutes, was sailed in an eight-knot breeze under the same conditions, each boat carrying three lower sails with sheet well flattened. It took the Columbia about three minutes sailing from the Defender's weather quarter to blanket her, and in five minutes she was 100 yards ahead, going past the old cup defender as if the latter was anchored. Under these conditions it would seem as if the Columbia were from 15 to 20 seconds a mile faster than the Defender, and if she can make the same gain in a hard-blow the safety of the America's cup will be considerably allayed.

The trip was the builders' trial, and although the managing owner, C. Oliver Iselin, and a number of his yachting friends were on board, still the Columbia's designer, Nat Herreshoff, was in charge and after the sail down the bay the boat was towed back to Bristol for a few minor repairs.

In his letter to the Ohio State university he says he expects the unanimous election to take effect on August 1.

To Strengthen the Artillery.

Washington, June 26.—The war department has become impressed with the necessity of increasing the efficiency of the artillery force on duty in the Philippines. There are already a large number of batteries in the archipelago, doing duty as infantry, but there is a movement on foot to furnish them with guns adapted to use in that country and the department is now engaged in a series of experiments to demonstrate the most effective form of light gun for use against the insurgents.

Want Chambers Retired.

Berlin, June 26.—The officials of the German foreign office question the correctness of some of the later news from Samoa. They say the abolition of the kingship is entirely acceptable to Germany which never espoused the cause of either candidate. While admitting Chief Justice Chambers' competency, the foreign office questions the correctness of his decision in the premises and doubts that the commission has decided to leave him in office. They say he should be retired like the others.
